## WHAT'S HAPPENING AROUND THE REGION?

Spring is upon us, and we are looking forward to brighter days! The North Central Illinois Perinatal Network (NCIPN) is preparing for IDPH Site Visits. Data is a large portion of this. Please take the time to review the documentation policy and habits of our staff and providers. That is where the data is pulled from and will make your data abstraction much easier.

Mark your calendars for a unique opportunity! The OSF Saint Francis NCCU Book Club, a long-standing activity in the Neonatal Critical Care Unit at OSF SFMC, is opening its doors to the NCIPN in August 2024. This is your chance to engage in discussions, collaborations, and networking with other perinatal nurses and providers. The club will be held both in person and via Teams, ensuring everyone can participate. CEUs will be available. Stay tuned for more details!

We have the biggest news to share! ILPQC is offering FREE admission for one BEDSIDE nurse per hospital to attend the face-to-face ILPQC conference in Springfield on May 22nd (OB day) and 23rd (Neo day). This includes fees associated with the conference and hotel room. There are two options available to utilise this opportunity:

1. One bedside nurse can receive a full, two-day registration to ILPQC's Face-to-Face Event and up to 2 nights hotel stay at the President Abraham Lincoln DoubleTree Hotel in Springfield.
2. Or, two different bedside nurses can attend a single day of the conference (one for OB Day and one for Neonatal Day) and receive a one-night stay at the hotel.

If you are interested, contact your nursing care manager.

## NCIPN SPOTLIGHT

**Teresa Rosenbohm**  
Administrative Secretary for NCIPN

Meet Teresa! You may have seen Terea's name before as she sends out most of the correspondence for our office but what you may not know is that Teresa is the glue that keeps our department together! Teresa has a big job between keeping all the records for our grant, running the website, keeping track of where those crazy educators are at, and so much more. We would be lost without her!

# ILPQC CORNER

Are you signed up to attend the ILPQC Face-to-Face conference in May? Sign up below.

## JOURNALS

**Eat, Sleep, Console Approach or Usual Care for Neonatal Opioid Withdrawal?**

**Community-Based Doulas — Can Clinicians Share Power to Improve Maternal and Infant Health Outcomes?**

**If you are looking for a good way to include information regarding human milk donation in your discharge instructions, here is a great resource**

**COMING SOON!  
S.T.A.B.L.E. CLASS  
OFFERINGS**

## SITE VISIT TIPS

- Have you added a policy and education that summarizes emergency airway management in your facility? This is a new requirement per IL HB2820
- Make sure to include any quality improvement projects you have completed on your unit. Even if you are still in the planning stages, include it in your materials.
- Include pictures and graphs into your Site Visit materials
